Re: Appointment of new Counsel

I am presently experiencing extreme difficulty in organizing any defense strategy with my present attorney Miss Ubel G. Uebel. She is set in her belief that I am, and is pressuring me to plead, guilty in this case.

Consequently, no ground work has been laid out to establish exactly what evidence the Prosecution has. The drug amount is especially of great importance. It is not necessary to secure a conviction in this case but is crucial in sentencing.

No motion has been Filed and no investigation Has been Conducted, to date, by my attorney. I have Lost Faith in my counsel.

I have no recourse but to respectfully ask the court to relieve me of Miss Ubel G. Veléz's representation and appoint me new counsel. I would also like Continuance in the case, so that new counsel will have time to properly prepare the case.

Thanks For your time and consideration in this matter.

very truly yours,

Salvador Torres martínez
